Case No. 5:14-cv-05344-BLF (NC)

**DECLARATION OF RYAN K. WONG IN
SUPPORT OF DEFENDANT ARISTA
NETWORKS, INC.'S ADMINISTRATIVE
MOTION TO FILE DOCUMENTS UNDER
SEAL IN CONNECTION WITH ARISTA'S
OPENING BRIEF ON ANALYTIC
DISSECTION**

Dept.: Courtroom 3 – 5th Floor
Judge: Hon. Beth Labson Freeman

Date Filed: December 5, 2014

Trial Date: November 21, 2016

1 I, RYAN K. WONG, declare and state as follows:

2 1. I am an attorney licensed to practice law in the State of California and admitted to
3 practice before this Court. I am an associate at the law firm of Keker & Van Nest, LLP and
4 counsel for Defendant Arista Networks, Inc. (“Arista”) in the above-captioned action. I have
5 personal knowledge of the facts stated herein and, if called as a witness, I could testify
6 competently thereto.

7 2. I submit this declaration in support of Arista’s Administrative Motion to File
8 Documents Under Seal in Connection with Arista’s Opening Brief on Analytic Dissection.

9 3. Because this filing relates to non-dispositive matters, I understand that the
10 documents and information that the parties request to file under seal are *not* subject to a strong
11 presumption of public access. *See Kamakana v. City & County of Honolulu*, 447 F.3d 1172, 1180
12 (9th Cir. 2006). Rather, the “good cause” standard of Rule 26(c) of the Federal Rules of Civil
13 Procedure applies to the material at issue here. *Id.* at 1179. Civil Local Rule 79-5 further
14 requires that a party seeking to seal information and documents “establish[] that the document, or
15 portions thereof, are privileged, protectable as a trade secret or otherwise entitled to protection
16 under the law.” Civil L.R. 79-5(b). As required, Arista’s sealing requests are “narrowly tailored
17 to seek sealing only of sealable material.” *Id.*

18 4. As set forth in the table below, Arista seeks to file under seal Exhibits 9 and 10 to
19 the Declaration of Ryan Wong In Support of Defendant Arista Networks, Inc.’s Opening Brief re
20 Analytic Dissection. These documents discuss and disclose non-public information regarding
21 Cisco’s expert Dr. Almeroth’s review of Arista’s highly confidential source code, and evidence
22 relating to such source code, which is contained throughout the documents. Good cause exists for
23 sealing documents that describe or disclose confidential source code, because such materials can
24 be filed under seal even under the more stringent test applied for dispositive motions, which
25 requires “compelling” reasons. *See Apple, Inc. v. Samsung Electronics Co., Ltd.*, No. 11-cv-1846,
26 D.I. 2190 at *3 (Dec. 10, 2012).

27 5. Arista also seeks to seal portions of Exhibits 18, 20, and 22 to the Declaration of
28 Ryan Wong In Support of Defendant Arista Networks, Inc.’s Opening Brief re Analytic

1 Dissection. The Court has previously ordered this material to be filed under seal (as shown in the
 2 table below). *See* ECF 487 (Aug. 24, 2016 Sealing Order). As described in the table, portions of
 3 these documents discuss and disclose (1) non-public information regarding Arista’s highly
 4 confidential source code, and evidence relating to such source code, and (2) confidential
 5 information relating to the development and development process of Arista EOS software,
 6 including details regarding how certain technologies were integrated into Arista’s products. Good
 7 cause exists to seal Arista’s source code and confidential technical development information; both
 8 types of information can be sealed even under the more stringent “compelling reasons” test. *See*
 9 *Delphix Corp. v. Actifio, Inc.*, No. 13-cv-04613-BLF, 2014 WL 4145520, at *2 (N.D. Cal. Aug.
 10 20, 2014) (compelling reasons exist to seal “highly sensitive information regarding [an entity’s
 11 confidential] product architecture and development”).

12 6. The rest of the documents and information listed in the chart below and sought to
 13 be filed under seal describe or contain material that the Court has previously ordered to be filed
 14 under seal, in connection with other filings in this case. That material has previously been
 15 designated as confidential or highly confidential by Cisco Systems, Inc. (“Cisco”) and third
 16 parties Dell, Juniper Networks, and HP Enterprise. *See* ECF 487 (Aug. 24, 2016 Sealing Order);
 17 ECF 490 (Aug. 26, 2016 Sealing Order). Arista takes no position on whether sealing the
 18 documents and information designated confidential by Cisco or third parties is appropriate.
 19 Arista expects that Cisco and/or the third parties will file supporting declarations pursuant to Civil
 20 L.R. 79-5(e)(1) if they seek to keep any of this information under seal, if they believe it to be
 21 necessary in light of the Court’s prior rulings finding good cause for sealing this material. Arista
 22 files this administrative motion to afford the designating parties the opportunity to defend their
 23 confidentiality designations, as required by Civil Local Rule 79-5(e).

24 7. Arista seeks to file under seal the following documents and portions of documents:
 25
